Grade 121: \$4,949 – \$6,654/Mo. (DOQ)

Posting Opens: **October 23, 2024**

Closing Date: **Open until filled.**

DEPARTMENT / OFFICE

This position is available in the Lewis County Public Works Department, Engineering-Environmental Review Division, 57 W. Main St, Chehalis.

POSITION SUMMARY

This is an FLSA non-exempt represented position by the AFSCME, Local 1341 Collective Bargaining Unit.

This position supports our transportation and engineering group. Typical activities include managing and applying for the federal, state, and local permits; restoration design; field monitoring during construction and maintenance activities; managing consultants; and programming of our environmental assets for replacement, including our culvert inventory, based on available funding.

The duties will bring with them a mix of indoor and outdoor activities. One day may be filled with filling out permit applications and the next you are performing fish exclusion in one (or a few) of our many waterways. Another could include supporting grant applications, followed by being outside delineating wetlands or ordinary high water marks.

An Environmental Technician I is the entry-level classification in the Environmental Technician job series; incumbents typically have little or no directly related experience and work under close supervision while learning job tasks.

An Environmental Technician II is the journey-level classification in the Environmental Technician job series; incumbents have one year of work experience, and work under general supervision while improving their job skills. Must complete all required coursework for multiple technical certifications to qualify for Senior Environmental Technician. Under close supervision, learns to perform basic technical environmental tasks preparation of environmental permits and GIS maps, fish rescue, inspection of erosion and sediment control best management practices, and other assignments; performs work within scope of authority and training in assigned area of responsibility.

An Environmental Technician III is the senior level classification in the Environmental Technician job series;

work includes greater independence of action and judgment within established guidelines, and work assignments that are more complex in nature; multiple technical certifications are also required to qualify for Technician III classification.

HOW TO APPLY

To view application materials and job descriptions and to apply online, go to <https://jobs.lewiscountywa.gov>.

Late applications will not be accepted. Lewis County accepts no responsibility for the completeness of applications. Application materials received by Lewis County become the property of the County.
